

**SATAjet X 5500  
Clear Coat  
Edition**

**SATA**

# SATAjet X 5500 RP 1.3cc for clear coat application.

The SATAjet X 5500 Clear Coat Edition impresses with its newly developed, special nozzle set for clear coat application. The optimised material distribution in combination with a finer atomisation allows users to achieve closed wetting even at a low layer thickness.

**New design with red gun body and black control elements!**

**Advantages at a glance:**

- Special clear coat nozzle based on proven I-nozzle technology
- Fine, homogeneous atomisation for perfect clear coat application
- Closed wetting even at low layer thickness
- I-nozzle jet geometry allows controlled application

Special clear coat nozzle with additional designation "cc" (SATAjet X 5500 RP 1.3cc).
